RULES—READ CAREFULLY

1. Place an X in pencil over the alphabet letter to right of the number on your card, if the same number appears properly in the SUPER-VALU ad.
2. In each week's SUPER-VALU newspaper ad 30 numbers will each be enclosed in a square-circle-diamond, etc. You can match these numbers on any card.
3. If you have five consecutive numbers in a row—down, across or diagonally—you have a winning card. To receive your gift, return the card as instructed on the back of the card.
4. Numbers on your card are to be matched against numbers in the SUPER-VALU newspaper ad. Check the SUPER-VALU newspaper ad carefully. Newspaper ads will be posted in every SUPER-VALU Store each week. Fun for all the family.
5. Cards can be played on any of the newspaper ads during the twelve weeks but cards are winners and redeemable only if played on an individual week's newspaper ad and are surrounded by the same shape: circle, square, diamond, etc.
6. We reserve the right to correct any typographical or other error or errors which might appear in any published matter in connection with this game, and to reject winning cards not obtained through legitimate channels.
7. "Cross-Out" cards are given away freely at all SUPER-VALU stores, no purchases are required.
8. Elimination contest will be held if cards are returned in excess of major prizes to be awarded.
